ARTIGIANI
IN ITALIA DAL 1959

La luce da un altro punto di vista

The light from a different
point of view

Licht aus einem anderen
Blickwinkel

Dal 1959, due generazioni di imprenditori, fiduciose delle proprie risorse, hanno saputo coinvolgere una piccola ma operosa comunità dell'entroterra marchigiano per raggiungere sempre nuovi obiettivi. Questo catalogo rappresenta un'importante tappa di questa lunga esperienza artigianale made in italy e pone l'accento sull'impegno di tutto lo staff Gibas al quale vanno i più meritevoli ringraziamenti.

Since 1959, two generations of entrepreneurs, trustful in their own resources, knew to involve a small but industrious community in Le marche's outback to reach always new goals.

This catalog represents an important stage of this long handicraft experience of the made in italy and puts an accent on the unquestioned engagement of all the staff Gibas to whom go the worthiest thanks.

Seit 1959 haben zwei Generationen von Unternehmern, voller Vertrauen in die eigenen Ressourcen, es geschafft eine kleine, aber fleißige Gemeinschaft im Hinterland von den Marken zu vereinen, um immer neue Ziele zu erreichen.

Dieser Katalog stellt eine wichtige Etappe dieser langen Handwerkerfahrung des Made in Italy dar und setzt einen Akzent auf die Hingabe des ganzen Personals Gibas, an das der würdigste Dank geht.

1m
marche eccellenza artigiana

Nel corso degli anni l'azienda si è specializzata nella produzione di articoli per interni in stile classico e moderno verniciati a polveri e decorati a mano, disponendo di un moderno impianto di verniciatura e macchinari per la lavorazione dei metalli che permettono di soddisfare efficacemente la propria clientela.

Confermando l'indole produttiva ed organizzativa, la sensibilità alla qualità dei prodotti ed alle condizioni lavorative nonché alla salvaguardia dell'ambiente, la Gibas è stata iscritta nel registro speciale di artigianato artistico ottenendo il marchio di Eccellenza marchigiana. Attualmente la Gibas vende i suoi numerosi prodotti in Italia e all'Estero attraverso i propri agenti; produce montature metalliche per altre aziende di illuminazione; svolge numerosi interventi di restauro su antichi lampadari; realizza modelli esclusivi per contract.

Dal 2008 è iscritta all'associazione di categoria Assoluce ed appartiene al consorzio di smaltimento Raee Ecolight.

The company is specialized in the production of articles in classic and modern style for insides, powder coated and decorated by hand, having a modern installation of powder coating and machinery for the metalworking that allow to satisfy effectively the actual customers.

Confirming it's productive and organizational kind, the sensibility for the quality of the products and the working conditions as well as to the safeguards of the environment, GIBAS was registered in the special register of artistic craftsmanship obtaining in 2005 the business certificate of quality ISO9001:2000.

At present GIBAS sells its numerous products in Italy and foreign countries across their sales-agents; produces metallic structures for other illumination companies; develops numerous interventions of restoration on ancient chandeliers; realizes exclusive models for contract.

Die Firma ist auf die Fertigung von klassischen und modernen Leuchten im Innenbereich spezialisiert, welche pulverlackiert und von Hand dekoriert sind. Die vorhandene moderne Pulverlackieranlage und der Maschinenpark zur Metallverarbeitung ermöglichen es Kundenwünsche effektiv zu erfüllen.

Als Bestätigung der produktiven und organisatorischen Stärke, der Feinfühligkeit für Qualität der Produkte, der Arbeitsbedingungen und auch des Umweltschutzes wurde GIBAS 2005 im Register für Kunsthandwerk aufgenommen und hat die Zertifizierung für Firmenqualität ISO9001:2000 erhalten.

Momentan verkauft GIBAS seine zahlreichen Produkte sowohl in Italien als auch im Ausland durch eigene Handelsvertreter, fertigt Metallgestelle für andere Leuchtenhersteller, führt Restaurierungen antiker Leuchten durch und kreiert exklusive Modelle für Contract.

BEAT è un sistema completo di illuminazione, da soffitto e da parete, dalla versatilità unica.

La sua struttura lo rende ideale inserito in contesti pubblici, quali uffici, biblioteche e locali di svago, o in ambienti privati. Prodotto di alta qualità certificata e interamente fabbricato in Amandola, **BEAT** è una vera potenza in termini di efficienza energetica e luminosa

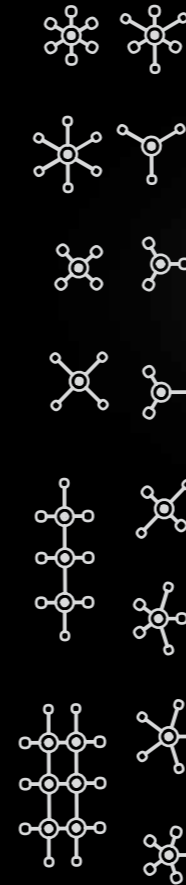

BEAT is a complete system lighting, ceiling and wall, the unique versatility. Its structure makes it ideal included in public contexts, such as offices, libraries and local leisure, or in private. High quality product certified and manufactured entirely in Amandola, beat is a real power in terms of energy efficiency and light

BEAT ist ein Gesamtbeleuchtungssystem aus Decken- und Wandleuchten mit einer einzigartigen Vielseitigkeit. Seine Struktur macht es ideal für öffentliche Bereiche wie Büros und Bibliotheken oder auch in Freizeiteinrichtungen und im privaten Einsatz. Qualitativ hochwertiges Produkt zertifiziert und vollständig in Amandola hergestellt. Beat ist wirklich herausragend in Bezug auf Energieeffizienz und Lichtausbeute

Questo prodotto offre notevoli vantaggi in termini di risparmio energetico, grazie all'utilizzo di moduli led ad elevata efficienza luminosa.

Ogni modulo è alimentato da un driver 350mA che sviluppa 600 lumen ca., con un assorbimento di circa 5 Watt e temperatura di colore 3000 o 4000K.

This product offers significant advantages in terms of energy savings through the use of modules LED with high luminous efficiency.

Each module is powered by a driver 350mA that develops about 600 lumens, with an absorption of about 5 watts and 3000 o 4000K color temperature approx.

Das Produkt bietet erhebliche Vorteile in Bezug auf die Energieeinsparung durch die Verwendung von Modulen LEDs mit hoher Lichtausbeute. Jedes Modul wird von einem Treiber mit 350mA gespeist welcher 600 Lumen entwickelt, mit einem Verbrauch von etwa 5 Watt bei einer Farbtemperatur von 3000 oder 4000K.

LIGHT ON DEMAND

Lampada da terra per esterni e interni in lamiera decorata dal laser verniciato a polveri. La sorgente luminosa a Led offre una suggestiva illuminazione degli ambienti e l'utilissima opportunità di restare accesa, con un'autonomia di circa 6 ore, se disconnessa dalla rete elettrica.

Collection of ground lanterns for inside or outside use made of laser cut and powder coated metal. The LED light source offers an evocative lighting and the very useful opportunity to remain switched on, with a range of about 6 hours, when the mains electricity gets disconnected.

Kollektion von Bodenlaternen für den Innen- und Aussenbereich aus lasergeschnittenem und pulverlackiertem Stahl. Die LED-Lichtquelle bietet eine eindrucksvolle Beleuchtung und die sehr nützlich Gelegenheit angeschaltet zu bleiben, wenn vom Stromnetz getrennt, mit einer Autonomie von bis zu 6 Stunden.

Miki

design Gibas

Collezione di lampade versatile in tondino d'acciaio verniciato a polveri con cavo conduttore rivestito in tessuto. L'accessorio di sostegno offre la possibilità di orientare il flusso luminoso e di decentrare la sospensione rispetto al punto luce.

Collection of versatile lamps with a powder coated steel cage with lead wire covered with tissue. The accessory support offers the possibility to direct the luminous flux and to decentralize the suspension

Kollektion von vielseitigen Lampen mit pulverlackiertem Metallkäfig. Das Anschlusskabel ist mit Stoff bezogen. Die Zubehöraufhängung bietet die Möglichkeit den Lichtstrom zu lenken und die Leuchte zu dezentralisieren

La collezione si sviluppa anche senza struttura decorativa per diventare ancora più versatile e luminosa. Miki è dotata anche di un accessorio a molla verniciato a polveri che protegge la sorgente luminosa e allo stesso tempo arricchisce le soluzioni per l'arredo

The collection Miki is also intended without decorative structure to become even more versatile and lightful. In this way it is able to solve many requirements where bright light is needed. A colourful accessory to be clipped on enriches the collection and enables many furnishing solutions

Die Kollektion Miki ist ohne dekorative Struktur gewollt um noch vielseitiger und heller zu sein. Auf diese Weise ist sie in der Lage viele schwierige Aufgaben zu lösen bei denen viel Licht benoetigt wird. Ein weiteres buntes, spiralförmiges Zubehör bereichert die Kollektion und ermöglicht vielseitige Einrichtungs-Lösungen

CODICI COLORE STRUTTURE

COLOUR CODES STRUCTURES

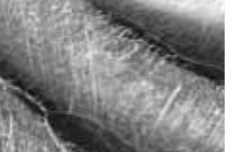

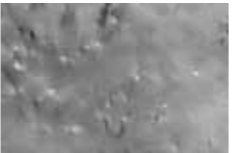

FARBCODES GESTELLE

Il codice colore sotto l'immagine si riferisce al colore dell'articolo fotografato. I colori standard disponibili sono mostrati nella prima pagina della serie. I colori degli articoli illustrati sono riprodotti il più fedelmente possibile, compatibilmente con i limiti tecnici della stampa e sono suscettibili di piccole variazioni di tonalità, data la lavorazione artigianale.

The colour-code under each image is related to the colour of the photographed article. The available standard colours are shown on the first page of each series. The colours of the illustrated articles are reproduced the most faithfully possible, in line with the technical limits of printing and small variations of tone are possible, due to the handicraft making.

Der Farbcode unter jedem Bild bezieht sich auf die Farbe des abfotografierten Artikel. Die verfügbaren Standard-Farben werden auf der ersten Seite jeder Serie gezeigt. Die Farben der illustrierten Artikeln sind so getreu wie möglich wiedergegeben und unterliegen den technischen Grenzen der Druckausgabe. Kleine Veränderungen des Tons sind möglich aufgrund der handwerklichen Fertigung.

Trattiamo la luce
come materia
e la materia
come elemento
che disegna la luce

We treat the light
as a raw material
and the raw material
as element that
draws the light

Wir behandeln
das Licht als Materie
und Materie als Element
das Licht zeichnet
